In This Country We Can Only Stay in Hibernation

Posted on **2013/01/03**

by Li Bifeng

But winter has come too soon
Our trees begin to dry
We do not have any more nutrients
Thus, our hair are frozen and become gray by the snow of years
Our skin looks like a field full of cracks

Winter is here
We are happy to stay in hibernation
The heart is tired
the blood also
Under the snow, we remain in hibernation
